NETWORK OVERVIEW

GO GREEN!

To help reduce the consumption of paper, please access provider information from our Provider Online Search site, via links on www.glic.com and www.guardiananytime.com. The site is available 24/7 and allows you to search for providers or create a customized provider directory.

QUALITY CARE YOU CAN COUNT ON

DentalGuard Preferred PPO allows you and your family to visit any dentist or specialist you choose or a high-quality DentalGuard Preferred network dentist, any time you need care. DentalGuard PPO Providers have agreed to fee discounts that are up to 30% less than what dentists usually charge.

Best of all, our DentalGuard Preferred PPO features one of the industry's most extensive nationwide dental networks with over 82,000 provider locations.

DENTALGUARD PROVIDERS (In-Network Benefits)

With the DentalGuard Preferred (PPO) product, you are free to go in- or out-of-network at any time while covered under the Dental PPO plan. In some cases, benefits for services rendered by an in-network provider may be paid at a higher coinsurance percentage than those by an out-of-network provider.

In-network charges are based on a discounted fee schedule amount, whereas out-of-network charges are usually based on a reasonable and customary amount. This results in savings for the member when visiting an in-network dentist.

The benefit payable is released directly to the participating provider. You are responsible for:

- any deductibles
- any co-payments
- services that are not routinely covered by Guardian and are not on the fee schedule
- services denied due to frequency or contract limitations
Example: if the contract allows only two cleanings per year, the third cleaning is the patient's responsibility
- cosmetic upgrades

Note: *The provider may bill up front for deductibles, co-payments, and non-covered services.*

NON-DENTALGUARD PROVIDER (Out-Of-Network Benefits)

Services performed by an out-of-network provider are usually paid at a lower, out-of-network coinsurance. Typically, when a dental specialist is needed and one does not exist in the network, benefits are paid at the out-of-network benefit regardless of a referral from an in-network provider (unless state mandate requires otherwise).
